

Summer 2021 Campagna Connections

Summer is coming to a close, and The Campagna Center is ready to welcome children to the new school year! Read on for what TCC teams have been up to over the summer and how you can support students and families as we enter the school season:

Welcome and support new Afghan neighbors in Northern Virginia

The Campagna Center has been welcoming immigrants and refugees to the Alexandria community for many years through the New Neighbors English language learning program. Our team stands ready to assist incoming Afghan families as they resettle in the region and seek language, workforce development, and community support.

At this time, we ask friends of The Campagna Center to consider supporting Catholic Charities Migration and Refugee Services through [their Amazon Wishlist](#) of supplies needed for incoming families.

Thank you for making the Bright Futures Virtual Benefit a success!

Our annual Bright Futures benefit went virtual this year and we are proud to have raised over **\$178,000 from more than 200 supporters**. These funds go directly to TCC education and enrichment programs across Alexandria. Our whole community benefits when our children and families thrive, so thank you to so many of you who joined us for this celebration!

Congratulations to our graduates!

In June, our Head Start classrooms

recognized their littlest learners with special graduation ceremonies. It is no small feat to prepare children to enter Kindergarten, and behind each student is a team of hardworking teachers, families, and support systems who helped them get there. Congratulations to our students, and good luck as the Kindergarten year commences!

Our Health Fair made it easy for new families by bringing the health, vision and hearing screenings to them in one convenient place. TCC partnered with many community partners to share additional resources and information to help with things like affordable housing, domestic violence prevention, and food insecurity. Hundreds of families visited the Health Fair and were able to smoothly prepare and enroll their children in our programs. It was a great example of the ways The Campagna Center meets the needs of families where they are to set kids up for academic success.

Campagna Center Health Fair Prepares Students for School Year

Each year in July, The Campagna Center brings resources directly to families so that the new school year can kick off without a hitch. Each child participating in an Early Head Start program must pass a series of health screening assessments in order to enroll. For many families, the financial, linguistic and logistic challenges of completing the screenings and paperwork can be burdensome.

New TCC website and logo coming soon!

campagna center

Learn. Grow. Share.

Keep your eyes peeled in the coming weeks for a whole new look at The Campagna Center!

We are updating our website and our brand to make it easier for families to register for programs, to stay up to date on upcoming events and volunteer opportunities, and to connect students and supporters with the resources they need. Stay tuned for more!

SAVE THE DATE: Scottish Christmas Walk Weekend 2021

Pending favorable health conditions this winter, The Campagna Center's Scottish Christmas Walk Weekend will return in December 2021. The celebrations will include the Taste of Scotland on Friday, December 3 and the 50th anniversary Scottish Christmas Walk Parade on Saturday, December 4.

We will keep you informed in the coming weeks on parade registration, event ticket purchases and other ways to get involved. Information about sponsorship opportunities can be found on the [Scottish Walk page of our website](#).

The Campagna Center

Guardian Angels are philanthropic companies, organizations, and individuals who ensure The Campagna Center's robust programs and services remain strong. These supporters receive year-round virtual recognition in celebration of their generous unrestricted gift.
