The Campagna Center is a bright light in helping babies and young children, high school students, and new immigrants. The dedicated and talented staff and volunteers serve thousands in our community. The Forward Together Campaign will help Campagna Center do even more to serve our community by transforming our building into a hub of activities serving our families. Together we can ensure children and families receive the support and opportunities that the Campagna Center has delivered for over 75 years, well into the future.

Janice M. Abraham
