Here at the Campagna Early Learning Center at St. James classrooms are open year-round, with specialized programming during summer months, where we offer summer camp with affordable full-time and part-time rates.

For summer camp 2020, the children will explore their interests, by immersing themselves each week in a new theme related to under the sea creatures.

The children will learn and develop and appreciation for the ocean ecosystem and the importance of taking care of our oceans and marine life, by reading books, singing-songs, playing fun games, and creating amazing crafts!

The children will also participate in fun summer activities such as water-play and field-trips that promote continual physical and social development in fun safe places that offers interactive play.
